PARENT AND FAMILY ENGAGEMENT POLICY 2018-2019

Students who are the most successful have parental and family support at home and the support of teachers and staff at school. The purpose of the Parental and Family Engagement Policy is to invite parents, guardians and families to jointly develop a policy and participate in consistent, two-way, and meaningful communication with teachers, staff and administration. Chaparral High School believes parents, guardians and families play an integral role in assisting their child's learning, and should have the opportunity to be involved in student academic learning and other school activities. This policy has been jointly developed and agreed upon by Chaparral High School staff, parents and community members served in the school pursuant to Title I. Chaparral High School convenes an annual meeting at a convenient time for everyone to evaluate this policy. This meeting was held on September 12, 2018. The Parent Involvement Policy will also be made available to the community via the school website.
